

Dear Sir/ Madam,

This letter is to express my interest in discussing the Data Analytics role posted on your website. The opportunity presented in this listing is very appealing, and I believe that my strong technical experience and education will make me a very competitive candidate for this position.

The key strengths that I possess for success in this position include, but are not limited to, the following:

- I have successfully developed business data analysis and intelligence tools
- Strong analytical and problem-solving skills, self-starter and result oriented
- Eager to learn new technologies
- Strive for continued excellence

With Bootcamp Certificate in Data Analytics & Visualization from University of Denver and MSc Degree in Applied Statistics I have a strong analytical, problem-solving skills and knowledge of data analytics lifecycle and research methodologies. I also have experience in learning and excelling at new technologies as needed.

Please see my resume for additional information on my experience and skill sets.

I can be reached anytime via my cell: 303-875-2999/ e-mail: miliyona@outlook.com. Thank you in advance for your time and consideration.

I look forward to speaking with you about this employment opportunity.

With kind regards,

Million Kahsay
